## CaféCino Pro6 EU

## CaféCino Pro6 EU

CaféCino Pro6 EU Vision with illuminated front is suitable for cafés, restaurants, hotels, businesses or where specially branded machines are desired.

CaféCino Pro6 EU is an efficient and sophisticated coffee maker. Freshly brewed coffee and all sorts of specialty coffees brewed in seconds. Possibility of serving in the cup and pitcher. Selection buttons for three different pot sizes and optional flavor intensity (mild, normal, strong). The machine is equipped with an illuminated door. The front image can be replaced with fx a company logo. The machine is also available in neutral version, where the front is not lit. It is very easy to use and requires only minimal cleaning.

CaféCino Pro6 EU, is the hallmark of Scanomat Danish-made coffee brewers, compact design, made of stainless steel and a stylish design.

The machine is equipped with 4 containers and a patented "back-whipping system" for the best end result.
